

POMME DE TERRE RIVER WATERSHED
South 1W1P Citizens Advisory Committee (CAC)
USDA Service Center, Morris
March 7th, 2017
MEETING MINUTES

Meeting began at 4:00PM

Stephanie Adams, PdTRA Coordinator as Note Taker

Members Present: Ed Brands, Jason Kirwin, Tim Koosmann, Doug Wulf, Blaine Hill,

Others Present: Annette Drewes, DNR, Camilla Correll & Meghan Funke, EOR.

Intro

- Introductions made
- Recap and presentation on work previously completed for One Watershed, One Plan.
 - o Input gained from “World Café” exercise: what do we care about then it comes to our water resources.
- Issue Prioritization
 - o Use of known data through various watershed models and planning documents
 - o Zonation: survey taken by committees, results reviewed
 - Top 3 (relative): Protect Groundwater, Reduce Erosion & Runoff, Protect/Improve Lakes & Rivers.

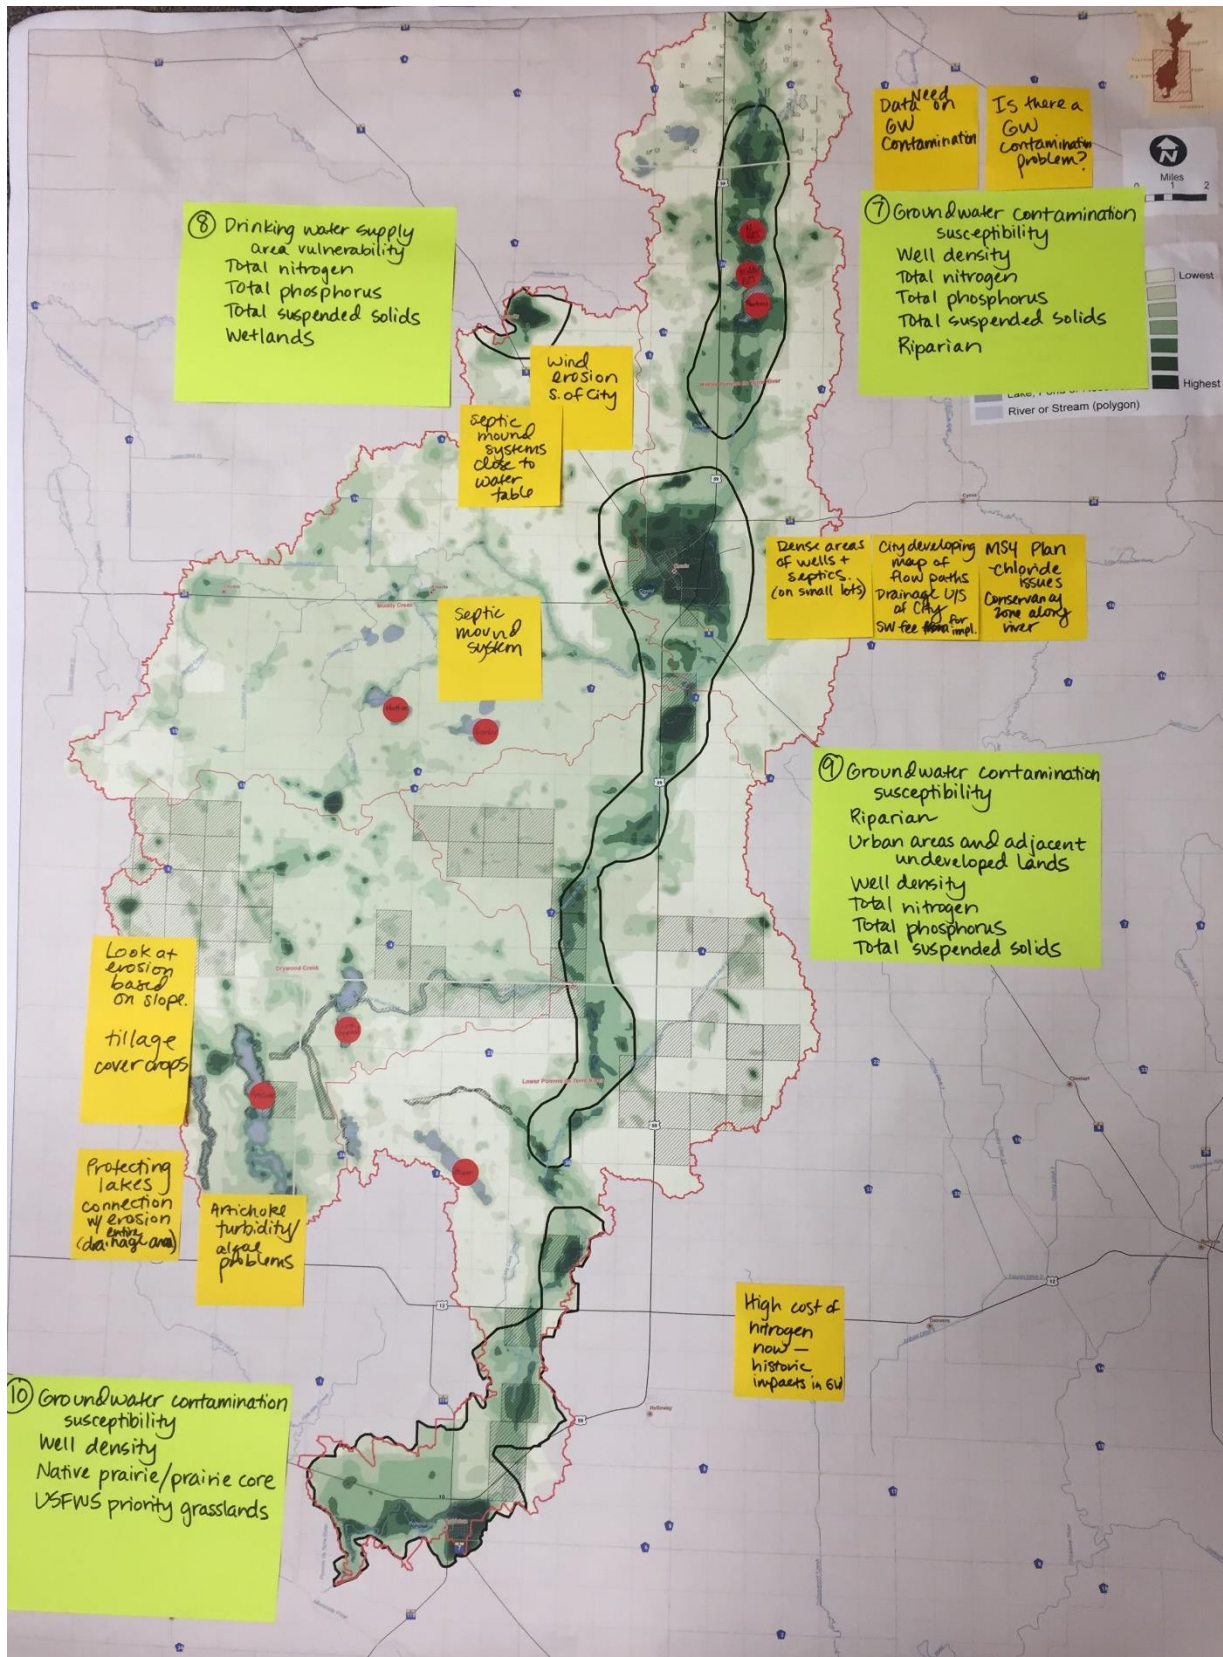

Identifying Priorities

- Reviewed “hotspots” in Southern watershed region generated through computer modeling where layers of resource concerns stack-up on each other and identified priority issues and areas. *See Map on next page*

Meeting Adjured at 5:30PM

Next meeting is TBD in late May 2018

Priority Identification map for the Southern Pomme de Terre Watershed
