Motion to present the 1W1P to the board- motion by Joe, second by Matt.

Motion passed unanimously

Common strategy for presenting to the board:

This is not a county water plan, this is a watershed plan, it will be different than what you are used to in the past.

- 1- where priorities are, things will be more prioritized than in the past
- 2- read the executive summary
- 3- Implementation Tables
- 4- include an updated timeline
